Health District Offering Covid-19 Boosters to Children

Wichita Falls, Texas – The Wichita Falls-Wichita County Public Health District is now offering the PFIZER COVID-19 booster vaccine to eligible individuals ages 5 through 11. The Texas Department of State Health Services has notified vaccine providers that they should begin to administer COVID-19 booster vaccines to individuals 5 through 11 years of age, in line with federal guidance. The PFIZER COVID-19 booster vaccine is administered at least 5 months after the two-dose primary series has been completed.

Recommendations for immunocompromised individuals 5 through 11 years of age:

- a two-dose primary series to individuals 5 through 11 years of age.
- a third primary series dose to individuals 5 through 11 years of age with certain kinds of immunocompromised conditions.
- a single booster dose to individuals 5 through 11 years of age who have completed a primary series with Pfizer-BioNTech COVID-19 Vaccine.

The Wichita Falls-Wichita County Public Health District will have a COVID-19 Vaccine Clinic Monday thru Friday 8:00am-4:30pm.

Please visit the City of Wichita Falls website to register online.
